Thua Thien Hue, January 18<sup>th</sup>, 2018

**FIRST ANNOUNCEMENT**  
RE: THE SECOND SCIENTIFIC CONFERENCE OF YOUNG RESEARCHERS  
IN PUBLIC HEALTH

**TO YOUNG RESEARCHERS AND STUDENTS (UNDER 35 YEARS)**

The Annual Scientific Conference of Young Researchers commenced in 2017. Each Medical University from Vietnam should take turns in holding this conference.

Purpose: In order to widen the scientific research themes and strengthen international and national relationships of young researchers and students with other Faculty of Public Health among Southeast Asian countries, Hue University of Medicine and Pharmacy will host The Second Scientific Conference of Young Researchers in April 2018. This conference aims to develop a sustainable network in order to conduct cooperative research in Public Health.

**OBJECTIVES**

The Second Scientific Conference of Young Researchers on “Public Health Challenges in the 21<sup>st</sup> Century” has the following objectives:

1. To share research results in the field of Public Health.
2. To promoting the collaboration among young researchers among GMS Health Science Universities.

**INTENDED AUDIENCES**

Healthcare personnel academics, and students.

**MODES OF PRESENTATION**

Oral presentation only.
